**SISU - HELP,  
RALPH AMISSAH**

**SISU HELP**

1

2

**1. Help**

3

**1.1 SiSU Manual**

4

The most up to date information on sisu should be contained in the sisu\_manual, available at:

<[http://www.jus.uio.no/sisu/sisu\\_manual/](http://www.jus.uio.no/sisu/sisu_manual/)>

6

and (from **SiSU** 0.59 onwards) installed locally at:

/usr/share/doc/sisu/sisu\_manual/

8

or equivalent directory

9

Within the **SiSU** tarball at:

10

./data/doc/sisu/sisu\_manual/

11

**1.2 SiSU man pages**

12

If **SiSU** is installed on your system usual man commands should be available, try:

13

man sisu

14

man sisu\_markup

15

man sisu\_commands

16

Most **SiSU** man pages are generated directly from sisu documents that are used to prepare the sisu manual, the sources files for which are located within the **SiSU** tarball at:

17

./data/doc/sisu/sisu\_manual/

18

Once installed, directory equivalent to:

19

/usr/share/doc/sisu/sisu\_manual/

20

Available man pages are converted back to html using man2html:

21

/usr/share/doc/sisu/html/

22

./data/doc/sisu/html/

23

The **SiSU** man pages can be viewed online at:<sup>1</sup>

24

An online version of the sisu man page is available here:

25

- various sisu man pages<sup>2</sup>

26

<sup>1</sup> generated from source using rman

<<http://polyglotman.sourceforge.net/rman.html>>

With regard to **SiSU** man pages the formatting generated for markup syntax is not quite right, for that you might prefer the links under:

<<http://www.jus.uio.no/sample>>

---

• sisu.1 <sup>3</sup>	27
• sisu.8 <sup>4</sup>	28
• sisu_examples.1 <sup>5</sup>	29
• sisu_webrick.1 <sup>6</sup>	30

### 1.3 SiSU built-in interactive help

This is particularly useful when current installation information is obtained as the interactive help is able to provide information on your sisu configuration and setup.

sisu –help	33
sisu –help [subject]	34
sisu –help env [for feedback on the way your system is setup with regard to sisu]	35
sisu -V [same as above command]	36
sisu –help commands	37
sisu –help markup	38

Apart from real-time information on your current configuration the **SiSU** manual and man pages are likely to contain more up-to-date information than the sisu interactive help (for example on commands and markup).

NOTE: Running the command sisu (alone without any flags, filenames or wildcards) brings up the interactive help, as does any sisu command that is not recognised. Enter to escape.

### 1.4 Help Sources

For lists of alternative help sources, see:

<b>man page</b>	43
man sisu_help_sources	44
<b>man2html</b>	45
/usr/share/doc/sisu/sisu_manual/sisu_help_sources/index.html	46
<b>sisu generated html</b>	47
/usr/share/doc/sisu/html/sisu_help_sources/index.html	48
