SiSU - SYNTAX HIGHLIGHTING, RALPH AMISSAH

SiSU SYNTAX HIGHLIGHTING

1. Editor Files, Syntax Highlighting

The directory:

`./data/sisu/conf/editor-syntax-etc/`

`/usr/share/sisu/conf/editor-syntax-etc`

contains rudimentary sisu syntax highlighting files for:

- (g)vim <<http://www.vim.org>>

package: sisu-vim

status: largely done

there is a vim syntax highlighting and folds component

- gedit <<http://www.gnome.org/projects/gedit>>

- gobby <<http://gobby.0x539.de/>>

file: sisu.lang

place in:

`/usr/share/gtksourceview-1.0/language-specs`

or

`~/.gnome2/gtksourceview-1.0/language-specs`

status: very basic syntax highlighting

comments: this editor features display line wrap and is used by Goby!

- nano <<http://www.nano-editor.org>>

file: nanorc

save as:

24	~/.nanorc	status: a very clumsy first attempt [not really done]	45
25	status: basic syntax highlighting	comments: this editor features display line wrap	46
26	comments: assumes dark background; no display line-wrap; does line breaks	• emacs < http://www.gnu.org/software/emacs/emacs.html >	47
27	• diakonos (an editor written in ruby) < http://purepistos.net/diakonos >	files: sisu-mode.el	48
28	file: diakonos.conf	to file ~/.emacs add the following 2 lines:	49
29	save as:	(add-to-list 'load-path "/usr/share/sisu-examples/config/syntax_hi")	
30	~/.diakonoss/diakonos.conf	(require 'sisu-mode.el)	51
31	includes:	[not done / not yet included]	52
32	status: basic syntax highlighting	• vim and gvim < http://www.vim.org >	53
33	comments: assumes dark background; no display line-wrap	files:	54
34	• kate and kwrite < http://kate.kde.org >	package is the most comprehensive sisu syntax highlighting and editor environment provided to date (is for vim/ gvim, and is separate from the contents of this directory)	55
35	file: sisu.xml	status: this includes: syntax highlighting; vim folds; some error checking	56
36	place in:	comments: this editor features display line wrap	57
37	/usr/share/apps/katepart/syntax	NOTE:	58
38	or	[SiSU parses files with long lines or line breaks, but, display linewrap (without line-breaks) is a convenient editor feature to have for sisu markup]	59
39	~/.kde/share/apps/katepart/syntax		
40	[settings::configure kate::{highlighting,filetypes}]		
41	[tools::highlighting::{markup,scripts}::SiSU]		
42	• nedit < http://www.nedit.org >		
43	file: sisu_nedit.pats		
44	nedit -import sisu_nedit.pats
