SISU - SYNTAX HIGHLIGHTING, RALPH AMISSAH	1
SISU SYNTAX HIGHLIGHTING	2

1. Editor Files, Syntax Highlighting

The directory:

`./data/sisu/conf/editor-syntax-etc/`

`/usr/share/sisu/conf/editor-syntax-etc`

contains rudimentary sisu syntax highlighting files for:

- (g)vim <<http://www.vim.org>>

package: sisu-vim

status: largely done

there is a vim syntax highlighting and folds component

- gedit <<http://www.gnome.org/projects/gedit>>

- gobby <<http://gobby.0x539.de/>>

file: sisu.lang

place in:

`/usr/share/gtksourceview-1.0/language-specs`

or

`~/gnome2/gtksourceview-1.0/language-specs`

status: very basic syntax highlighting

comments: this editor features display line wrap and is used by Goby!

- nano <<http://www.nano-editor.org>>

file: nanorc

save as:

`~/nanorc`

status: basic syntax highlighting

comments: assumes dark background; no display line-wrap; does line breaks

- diakonos (an editor written in ruby) <<http://purepistos.net/diakonos>>

file: diakonos.conf

save as:

`~/diakonos/diakonos.conf`

includes:

status: basic syntax highlighting

- comments: assumes dark background; no display line-wrap 33
- kate and kwrite <<http://kate.kde.org>> 34
 - file: sisu.xml 35
 - place in: 36
 - /usr/share/apps/katepart/syntax 37
 - or 38
 - ~/.kde/share/apps/katepart/syntax 39
 - [settings::configure kate::{highlighting,filetypes}] 40
 - [tools::highlighting::{markup,scripts}::SiSU] 41
 - nedit <<http://www.nedit.org>> 42
 - file: sisu_nedit.pats 43
 - nedit -import sisu_nedit.pats 44
 - status: a very clumsy first attempt [not really done] 45
 - comments: this editor features display line wrap 46
 - emacs <<http://www.gnu.org/software/emacs/emacs.html>> 47
 - files: sisu-mode.el 48
 - to file ~/.emacs add the following 2 lines: 49
 - (add-to-list 'load-path "/usr/share/sisu-examples/config/syntax_hi") 50
 - (require 'sisu-mode.el) 51
 - [not done / not yet included] 52
 - vim and gvim <<http://www.vim.org>> 53
 - files: 54
 - package is the most comprehensive sisu syntax highlighting and editor environment provided to date (is for vim/ gvim, and is separate from the contents of this directory) 55
 - status: this includes: syntax highlighting; vim folds; some error checking 56
 - comments: this editor features display line wrap 57
- NOTE: 58
- [SiSU parses files with long lines or line breaks, but, display linewidth (without line-breaks) is a convenient editor feature to have for sisu markup] 59
